What it Cuts:

Lightly Reinforced
Concrete

General Building
Materials

Some Natural
Stone

Kerbs

Paving

Slabs

Hand Held Saws

Floor Saws

Check before use;

- The diameter and bore size are correct for the machine
- The blade is in good condition with no cracks or segment damage
- The flanges on the machine are equally sized
- The machine does not exceed the RPM marked on the blade
- The rotational arrows on the blade are correct in relation to the machine

Check during use;

- The blade is free of segment damage or steel core cracking
- The blade is not overheating
- That excessive pressure is not being applied
- The material is not too hard for the type of blade
